

THE OLSENS

CHURCH-
PLANTERS IN
ASIA & AFRICA

Ted and Judy focus primarily on the world's unengaged people groups. These are the tribes, castes, and cultures with no believers, no churches, and no one currently endeavoring to evangelize them. Their objective, as they work in partnership with national leaders in India, Nepal, and Myanmar, is to engage the culture with the Gospel with the first conversions and the planting of the first informal fellowships.

In 2015 and 2016, 30 of these caste-defined cultures in Nepal and India were engaged, with a total of 2,500 new believers and 120 new house churches. Judy also leads the way in training workers in the skills of Bible storytelling skills and has recently completed training in India, Myanmar, Kenya, Ethiopia, and Canada's BC region. Ted and Judy have two sons, James and Dan, and 12 grandchildren.
